

The “New Normal” at FPM

Sue and Tam alternate visits to the office to check mail.

Our van drivers Sam, Sharon, and Dan still come in to run critical errands for the families and check on the Day Center.

Carol wraps up our Campaign for Hope and gets ready to move on to our next fundraising projects.

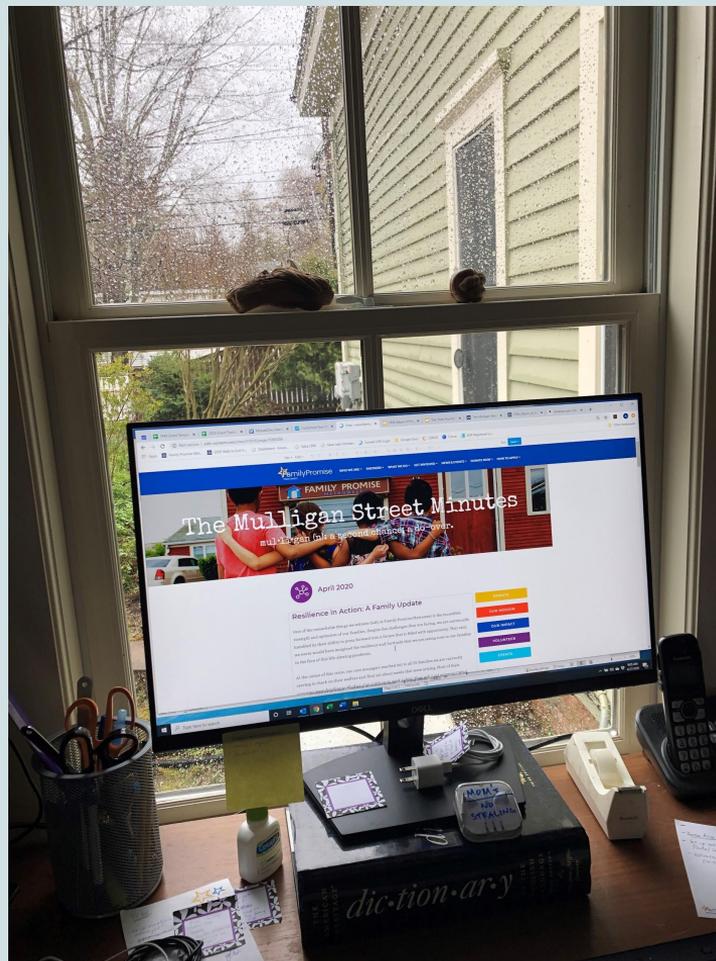

Eliz holds a FaceTime case management meeting with one of our LIFE families.

Sue calls in her troops (husband Doug and son Dan) to help install our thank-you banner.

Amanda's room with a (rainy) view, where she's finalizing the April newsletter.

Kathy in her kitchen office, keeping the communication open with all our volunteers.

Stephanie gets lots of help from her “coworker” Alanni while supporting our families remotely.

Staff participating in a virtual “retreat” with the Hollister Institute to talk about self-care and good communication during the COVID crisis and the shutdown of our Day Center.
