FURNITURE AND CLOTHING DONATIONS

While we do not have the space to accept and store furniture or clothing donations, there are local donation banks that accept these items. As our families rely on these organizations for clothing and to furnish their new homes when they are ready to move out, please consider contacting one of them to see if they will take your donation. Your support of these organizations is so important to our families— be sure to let them know Family Promise referred you to them. Thank you for supporting them!

FURNITURE

[Project Just Because](#) coordinates an online Furniture Network, a place to find or donate large items, such as furniture, bicycles, refrigerators, washers/dryers, etc. Please use caution when posting personal information, such as your phone number or address.
